Hi Matt

Ok, can you send me the genus and species for you ants and I will request a sample kit for you? The kit we send will have a barcoded tube in it which we can then use for internal tracking of your sample once it arrives.

Thanks
Jim

Hi Jim, quick check-in:

- Did you guys get our paperwork?
- We have a sample colony frozen at -80C, ready to go. I can actually just bring it in to Cambridge on dry ice. Would that work?

Thanks,
Matt
